

**EVOLUTION SPORTS**

# **COVID-19 DECLARATION**

**FOR CHILDREN (UNDER 18)**

# COVID DECLARATION (CHILDREN UNDER 18)

Following the latest Qatar government guidance for the lifting of restrictions for COVID-19, we will be reopening EVOLUTION SPORTS with a number of precautionary measures in place. We are working on the assumption all members will have completed the quarantine requirements, if travelled internationally, as per Qatari law by the time they return to training.

Each morning, before training with EVOLUTION SPORTS we need you to complete the following steps with or your child/children if it is them participating within the activity.

\* Make sure your child does not have a sore throat or other signs of illness, like a cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, congestion or runny nose, diarrhoea, severe headache or vomiting. If your child/children display any of these symptoms, they must stay at home and inform their child's coach.

\* Take your child/children's temperature, each morning before training. If the temperature is 37.8°C or higher, you must keep your child/children at home and inform their child's coach.

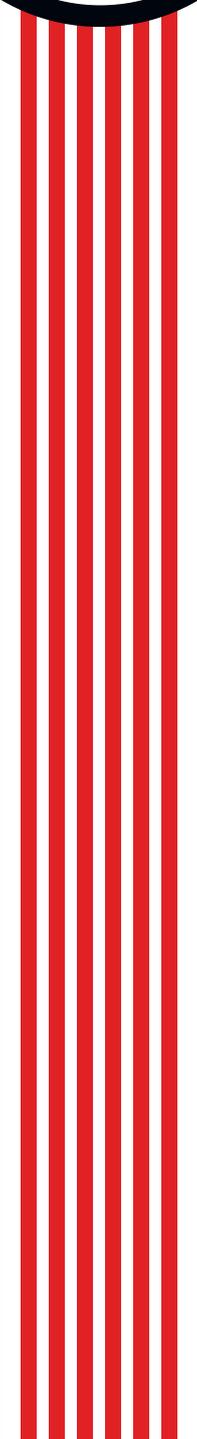

\* If your child has had close contact with a COVID-19 case, you must keep your child/children at home and inform their child's coach.

Once your child/children are in an Evo Sports facility, their temperature will be taken by the security team and coach. If their temperature is above 37.8°C, then they will be isolated and you will be asked to come and collect your child immediately.

For parents/guardians, their Ehteraz app status will be checked. Any parents/guardians who do not have a green status will be denied entry to any EVOLUTION SPORTS facility.

We request that you work with us in ensuring the health and safety of all children and staff at EVOLUTION SPORTS and for this your cooperation is required.
