WELCOME

Joining Evolution Sports is a wonderful opportunity for any young player. On behalf of everyone at the club, we wish you good luck as you begin your remote learning journey. You should expect the quality of coaching, the standard of education and the all-round experience to be outstanding.

We expect all Evolution Sports players to show commitment to, and respect for, their fellow players of all ages, for their coaches and their club, and for both the rules and the spirit of the game.

There are many things you will need to know as an Evolution Soccer Player or as a parent of a player. This induction pack is designed to provide you with an introduction to the club and information on how the remote learning program will work.

THE EVO WAY

OUR VISION

WHAT WE WANT TO ACHIEVE...

We want to produce happy players. We want our players to be technically excellent and tactically astute, independent decision-makers on and off the field, equipped with the skills needed to be successful in football and in life.

OUR MISSION

WHAT WE DO...

The aim of Evolution Soccer is to help young players maximise their potential in football, education and life. We put well-being and personal development at the heart of everything we do. Our aim is to develop well-rounded individuals as well as high quality players. We aim to provide expert services, support and advice to all of our Players and their parents, and believe that every young player should enjoy and value their Evolution Soccer experience.

YOUR OPPORTUNITY

WHAT IS THERE FOR YOU...

Participating in the Evolution Soccer programme is something that we want our players to be proud of, however it is important to maintain a balance between the demands of life outside of football, including your education. Ensure that you maintain interests beyond the football pitch and manage your expectations of a professional football career because only a few players will go on to become professional footballers.

CORE VALUES

PRIDE & EXCELLENCE

We are proud to represent Evolution Sports and play an integral part in the development of a new era of sport and health culture in Qatar.

PROFESSIONALISM

Staff specialised in the coaching and management of young players. The programs offer the participants the chance to live just like the players from elite professional academies.

RESPECT

Promotion of key sporting values such as self-control, fair play & mutual respect.

FRIENDSHIP

With the great diversity of participants, we aim to create a friendly environment which promotes strong bonds between participants from the first whistle.

INCLUSIVE

Groups are formed based on on-going assessments, allowing for specific development programmes to be put in place which enhance each child's development.

INTEGRITY

We strive for the highest standards and aspire to always do the right thing. Nothing less is acceptable.
